> ABOUT US

ANIMAL PROTECTION AEGINA & AGISTRI is a registered non-profit Animal Welfare Charity based on the island of Aegina. A founding member of the Panhellenic Animal Welfare Federation, active in animal rescue, it feeds, inoculates, medically assists and neuters over 300 dogs and around 500 cats on the islands of Aegina and Agistri each year. IT REGULARLY OFFERS FREE NEUTERING PROGRAMS TO LOCAL PET OWNERS, thus reducing the number of animals that end up abandoned and get abused.

OUR SHELTER houses about a hundred and twenty dogs, mainly puppies or injured animals in need of medical treatment, which would not be able to survive in the streets. Built entirely with Greek and foreign private donations and administered without any State or Communal financial assistance, the shelter belongs in its entirety to the Charity. To cover the running expenses of the shelter we rely on membership fees, on the Circle of Friends, on donations and on money raised through different activities organized by the Charity, such as bazaars.

HOW CAN I HELP?

➤ BY ADOPTING A STRAY DOG

If you decide to adopt one of our strays, our adoption team will visit you at your home to make your acquaintance and make sure the animal you chose from our website is appropriate for you and suitable to your setting. They will provide all the necessary information regarding the animal and you will then sign an adoption contract. The animal you adopt will be healthy, fully inoculated, blood-tested, dewormed and micro-chipped.

➤ BY FINANCIALLY SUPPORTING OUR SHELTER

- Through MONEY DONATIONS at the Charity's bank account.
- By "virtually" adopting a sick or elderly animal for a year, with 150 Euros to cover its medical expenses.
- By joining the "Circle of Friends" of our Charity, with 50 Euros per year.

➤ BY SENDING MEDICINE

- Scalibor collars, Advocate, Advantix and Frontline pipettes, Drontal tablets.

➤ OR

- By donating clothing, and any small items to be sold at our bazaars.

All of those can be sent to our Information Centre:
